00:00:01 cash in ch ch with a secret sound on krve oh my gosh look at that we just window 7 to7 Monday through Friday five chances a day to be caller 104 for the secret sound the jackpot is \$1,440 yes \$1,040 that's what's up for grabs right now to call her 104 at 833 390 KRBE here is the secret sound you're trying to identify what is that one more time all right we're gonna tell caller 104 what the wrong guesses are because we could tell everybody what the wrong guesses are but only caller 104 is really the person that's on the line so

00:00:40 when we get caller 104 we'll tell you what the wrong guesses are and let that person guess either they're going to win \$1,040 or they're going to add another 104 bucks to it now we like to do look at me now but when we brought it up a lot of people know because they they text the word secret to 37530 so they knew the song s about to Happ Paige got through on the line I can't wait to hear Paige's Story look at me now Look at Me Now is uh something we started because it all came from a Quenton Tarantino

00:01:03 story do you know this page Quinton Tarantino was in the scoop hi Paige by the way good morning hi hi Hi how are you great so Quinton T Tino was in the scoop and we were talking about how his mother told him when he was 12 years old stop writing that stuff what are you doing it's not making you any money and he swore if he ever made a penny off of the things that he writes he will never for anything for his mother to this day he has never helped his mother financially with all of his riches hold

00:01:30 a grudge because he was so mad she did not support him so we said why don't we do a a question like look at me now somebody told you what are you wasting your time

with that for or you overcame some kind of uh just really Terri life and then look at you you're on the other side of it so Paige tell us your story welcome to the ruling ran show there good morning good morning yeah so um I've been a server you know all you know trying to pay for college and whatever so I um one of my old serving jobs I had

00:01:59 this one manager and man she was not the nicest person um and I was in school for criminal justice to get my criminal justice degree I wanted to be a police officer so my Look at me now is I'm currently in the academy I'm actually on my way to class right now that's great w so this manager that your waiting table sizes you up and says what I don't think you have what it takes to be a cup paig yeah she just was you know like I said not the nicest person and would be telling me and you know every everybody

00:02:31 else like for their careers and whatnot why do you think she is that way like why do you think she gets some kind of satisfaction out of putting other people down some people are just bee holes bee probably because she's not happy in her career yeah probably cuz she's like it's not going to work out for you kid look at me I'm think zootopia with a little bunny that couldn't become a cop and they showed them and they were like be watching this movie a lot she talk about this last [Music] to remind me of zootopia you got this

00:03:05 girl this too reminds me of zootopia isop where's that song by Shakira we're gonna play that ler moment Paige how much longer do you have until you graduate from the academy um I'm in a part-time Academy because I still have to work you know to pay bills yeah um so I'll graduate in August oh wow nice so by next year at this time you can pull her over yeah oh my God can you imag by then she'll have moved on to Moana or something okay remember the maner the manager no Sam don't pull me over pull over the

00:03:42 manager too got mov his head well Paige thank you so much for listening to the rul and Ryan Show with Eric you have a great Monday thanks for sharing your story thank you guys yall have a good day take care I do like it when people overcome those odds when somebody is just trying to put you down and you're just able to rise above I just don't know why people have to be usually they're people they're jealous because you're trying you're basically saying the job I'm doing you don't think you think you're better than

00:04:11 me because you want to do another job or or they're so hard you want work anymore that's I don't know I would love to know how many years this restaurant manager was the manager because when you are working around people in that environment for so long you size them up like you're not comfortable remember Ryan used to say remember you used to say when you went to jobs like you just dis you're mean and disrespectful to you're a kid you're like I'm not going this is their job for life I'm not doing

00:04:34 this I'm just doing this cuz I'm 1 a 17year old that sucks when you're a 30-year-old manager and you're like my career yeah he telling me this garbage work give me a break I God the people that work like own like Chick-fil-A or McDonald's and that's their life well they started out somewhere they all started out doing they see these kids and then because they just get new kids every probably six weeks I bet they cycle them in somebody has to become the general manager somebody becomes the next these kids like be so care caring

00:05:00 laxidasical well you know bottom line is everyone cares about money right let's give some away hopefully winner even bigger jackpot 104.1 KRBE secret sound it is brought to you by Shell Federal Credit Union and the jackpot is up to \$1,040 \$1,040 either caller 104 is going to guess the secret sound right now we're going to give away that money or we're going to add another 104 bucks and you'll have another chance this is from the movie zootopia this sound do this one did you record this I apologize I realize I've made so many

00:07:25 away that were wrong opening a cash register m well it wasn't it it was opening a safe Vanessa you've made our Monday look at you \$1,040 for you Vanessa my Monday congratulations that was so exciting some people are like whoa I've never heard anybody win yet on the on the show yet today because I think our first winner on our show was like in the 9:00 hour yes I guess yeah this is the earliest winner favorite person if you're buying breakfast are you are yeah breakfast tacos hello uh Vanessa hang on the line

00:07:58 we'll get your information off the air and get just set up with \$1,040 for the secret sound y hold one hold on the line is it one of those like hotel room safes that's what it sounds like actually it was mine was yours like you have a safe in your house yeah and that's that's the I got B Amazon it's like 100 PB okay so and you put your finger on it so it does the oh Biometrics that or you can punch it in and we'll put a video up of it here in just a little bit Irvin is on his way in and you'll see the proof of it that's

00:08:30 right ir What's here so sh Federal Credit Union brings you the secret sound fun Monday with the bosses a big one uh we got more chances by look the shiny thing over here look at the shiny thing over here the next secret sound that we play is a brand new sound it'll be worth \$14 if you want to know when we're going to play the game text the word secret to 37530 it'll tell you the next four chances that we're going to play the game this list goes my husband said is that Eric's fancy toilet is day toilet

00:09:06 oh how funny that would be a weird sound every time you pooped God all right how about we get to a Ru and R roses update actually it's roses on the ru and Ry show with Eric and what happened last week with Charlotte Natalie the real estate agent Charlotte's boyfriend John and Gabriel laus the comic how is he involved is he cheat wait what did not ask to be in this J wife did not ask to be in the drama of roses but he is you'll get the recap you'll get the update next on the r and r show with Eric now time for a Rose's update hope

00:09:46 you guys are ready for this I'm the rule and Ryan Show with Eric okay roll it 104.1 KRBE oh parental discretion is definitely advised Charlotte thinks something is going on with John she got called away on work now they are both fans of comedian Gabriel laus and his show was on Valentine's night here in Houston so they had two tickets to go and then and

then you know she gets called out of town and he's like okay I'll just sell the tickets no big problem no big deal but then she sees something on the

00:10:21 realtor's um inst Instagram because they had a realtor because he' asked her to move in she's like I don't want to live in the same place where you know your ex lived and she was looking for a place for them but she sees this Instagram video and she recognizes that ugly purple shirt to the left of her and thinks okay you actually went to the show on Valentine's with another person so her suspicions are that Natalie the real estate agent and her boyfriend John are messing around behind her back and

00:10:55 her proof is the Instagram patch of purple shirt the patch of purple Instagram stories when she went to go see Gabriel glacia so here's where we're going to pick it up from last Thursday I've got Charlotte listening in I've got John on the phone I've offered him the red roses for the reason he's getting them I explained the whole thing and he's going to send them to somebody where's he going to send them here's what he wanted to say Natalie any places with a big bed and emphasize like big in all caps that we can check out today how

00:11:22 can you do this to me are you serious look first of all she is hooking us up on the on her percentage she's C it in half so we're not going to be paying full commission that's a lot of money return you need to calm the down okay you were taking can I talk and explain or do you just want to yell I sold her the ticket so she can go see fluffy by the way tickets that cost me a fortune because fluffy isn't some cheap you know nightclub comic he pays a you got to pay a lot of money get it his tickets and

00:11:55 she was like oh cool maybe I can get him interested in buying a home and and which I said to him well if you're going to sell a house to him you better make sure it's got a big bed cuz he's a big dude so how do you feel about her date your ugly ass purple shirt shirt gave you away dude my stupid you talking about act stupid I saw you in the video I saw your hand I saw the ugly shirt I've been trying to tell you to get rid of that purple shirt is from Walmart do you know how many people have that shirt

00:12:29 body okay well hold on John I know you're really mad and you think everybody from Walmart has that same purple shirt but there are other things that have led Charlotte down this path to think that you and Natalie are having more than a professional relationship she feels like the texts between you two are very common and often and different times of the night and she just has her gut instinct is telling her it's more than business well that in the fact that he didn't answer his phone starting at

00:12:52 6:45 natal has been my friend for years before I even met Charlotte but Charlotte never knew about she never knew about this girl so if it's a real friend she would have known if you're together 3 years and you never mentioned her until recently mhm I mean we don't hang out all the time and especially now that I'm with Charlotte I he's trying to find us a house hang on a second dude every one of us on this show has had to sell a house or move have any of y'all ever done what he's doing what send

00:13:22 roses to my agent and with a card gift afterwards or something with a card that says oh find us a big place with a big bed do you guys know who fluffy is have you guys ever seen Gabriel glaciuss yeah he's a big dude you're not buying a house for him when Natalie got the ticket she said maybe I can convince him to buy a house she was talking about becoming his agent so she's making a joke oh because that's real because griel glaus the house now in Houston CU he all of a sudden performs here and wants to move here guys this is

00:13:54 too much you're you're full of no this is the only reason I even have to buy a new house it's because oh I can't be in a house where another girl slept you're the one who's being

all pretentious about it and now I get such a good guy Hing us up on a Comm okay let's put an end to this well I mean you do make a good point if you if he was in love with Natalie why would he go through all that trouble I think he's in love with her Eric I think he's just banging her no I am not banging Natalie okay whatever you

00:14:23 guys are starting drama where there's no drama you should be a they're not starting drama they're smart please get your stuff get out of my house oh wow see it's your house now well it has been his house I know it has been his house it shouldn't be though it should be both their house no it's his house they living why do I have to sell it if it should be both our houses then why do I have to sell this one honestly guys this already is exhausting get St get out of the house wow okay this is done I don't

00:14:53 care I'm good I make more money than he does anyway they can go do whatever the they want I'm better off without him so thank you for just valid before I make a big mistake of my house yeah cuz you make so much money man miss me with that wow he was just not nice at all it just devolved into that horrible name everybody has that shirt from Walmart everybody has that shirt all right well how'd the weekend go for Charlotte she's standing by to tell us all about it and we're glad to have her back good morning

00:15:22 Charlotte good morning hey Charlotte did you get any more answers or did you even need them because it such a nasty exchange y'all had honestly I went to get my stuff because I really just felt like I didn't want anything to do with him and he tried explaining it to me what really went down he's like nothing happened we were just talking about the old days and blah blah blah over text he still wouldn't give me his phone to be honest how he acted in a public forum I mean you guys heard him the way he

00:15:50 yelled at me and was just treating me I don't want to be with someone like that so I told him I want nothing to do with him at all I I I felt like he didn't we didn't really prove that he cheated but just the way he acted was not good right did he ever admit to going to that concert though it's not a concert it's so weird to call it a concert it is I mean it's a comedy show in Toyota Center it's like a concert whatever the case did he admit to going to it no he still swears up and down it wasn't him the guy that she was

00:16:22 with happen to have the same shirt yada yada I just can't be with someone that I even have to question them yeah it just seems like too much work so I think I'm doing myself a favor I really don't care well also one question I have for you Charlotte had Jon ever blown up on you like that in any previous disagreement y'all had or is that the first time you heard him rage out like that because that was pretty rough maybe a few times we've had some blowout fights but you know maybe a little alcohol you know

00:16:46 alcohol fused fights but nothing like that that was totally out of character which he was put on blast in front of the whole city so yeah but it also made me feel like he was guilty yeah there's no excuse to oh I'm not excusing it that horrible yeah so you're better off it's fine like you said you didn't really prove it but you know what you know what you feel and you don't want to be with that guy because it's toxic so all right we just wanted to double check and see if maybe there was some kind of

00:17:08 remorse over the weekend how Do's that work like moving your stuff out oh it's not awkward at all I'm happy I'm fine did you have anybody helping you stand there with his arms folded like make sure you don't take my dishes that's my air fryer I'll tell you who I do did have helping me though I I have a uh cute guy that I'm friends with at work and uh he's only a friend and I asked him to come help so yeah but that's going to twist the knife for John oh yeah who's this guy helping I don't care about twisting the knife he should have

00:17:35 thought about that before he was an to me and was secretly texting her whatever so it's a dum deal it's fine well thanks for checking back in with us I'm glad that you know you've cleaned that slate and you're moving on to the next part of your life so just you know take care good luck to you Charlotte thank you guys and I appreciate your help you saved me a lot of Heartache I'm sorry you had to go through that tell you what though when they don't want to turn over that phone don't let you see it I think you got

00:18:02 your answer right there pretty much why would you not if you're if your relationship is on the line it's like it's either we're going to be in or out if you don't show me that phone they're like no I mean like right now I can hand my phone over I had hand it over to any of y'all I have nothing to hide in this world cuz that's not the phone you use your three burner phones yeah three burners well if you actually I do need to get a new one this one fell not much of a case protection I'm too cheap and

00:18:30 too lazy to get an extra phone if to do that stuff seems like too much work to have a secondary phone to try and play a chess game with yeah okay this one is the phone I'm going to use for these texts this one is the phone I'm use for these texts just be open people I mean if you don't lie and you don't have anything to hide then life is so much simpler and yeah the lies are so crazy people who lie so much have to keep track of their lies that is a job in itself I would think you are the that ultimately gives up your own guilt yeah

00:19:00 cuz there too many lies it can't be good for you I mean it's just so much easier to be completely out there honest all right well listen we do roses every Thursday you can go to krbe.com to try and get connected with us if you have questions in your relationship we'll do our best to get you some answers now coming up next a lot of comedians come by the ru and Ryan Show whether it's on the phone or in the studio and they come to the Toyota Center you know different shows a lot of times we get them when

00:19:25 they're like just at the impr Proverbs starting out yeah and then when they get big they don't want to do radio well they don't do interviews anymore they're just like fluffy he's always been great like when when he he didn't come this time because he was too busy but usually when he's doing like tour Center he did Big Netflix special like seven years ago remember he was in the studio here promoting it getting up doesn't think that he above all of thisy will come in and hang out those are the comics I like

00:19:50 the real Peeps and I don't know all the comics Eric knows all the comics he presented Matt R I go I I don't think I don't know him like I know Nate love him he's very polarizing uh cuz he just really because he's young MH and sometimes his humor isn't for certain people certain ages and people don't he's not this typical standup where he just goes out there and well it's the deal no he's more of like an observation he's like an observational comedian like he'll just look at situations and it's more of like a

00:20:21 discussion than a bunch of stand up jokes even when we promoted this earlier today I always see that on text I love mat rif oh that guy I don't like him it's fun find out if you like him or you don't because we're talking to him in a matter of minute he's he's got the Toyota Center he's got be in the the Toyota Center there must be something to you if you can play that venue so we're gonna talk to Matt R next on the ru and Ryan Show with Eric movies music TV and all things Hollywood celebrity scoop on the ruline

00:20:49 Ryan Show with Eric 104.1 krb it is brought to you by takaria sandas and today the scoop is going to include a conversation with comedian Matt R who's coming to the Toyota Center March the 9th it's a Sunday night 7:00 and um Eric just wants to let everybody know it's a very polarizing comic if you don't know his stuff but why well let's find out as we talk to him

well I've got him standing by right now so hang on let me bring this up Matt good morning hey good morning Eric how are you it's Ryan

00:21:19 actually oh Ryan what's going on my Lord how are you listen I'm going to be honest with you Matt R here's what I know about you girls think you're good-looking and you have a lot of girl followers because of your guns and you're very funny but not funny for everybody I guess well I'd say whatever anybody's narrow sided opinion is they're wrong if they think I'm not funny for everybody they should come to the show themselves and have a good time and if they think I'm only appealing to one type of person come be proven wrong

00:21:44 the shows are exciting man especially you know now that we're taking this tour into Arenas it's really exciting to bring like an intimate personal show to such a large venue and get to you know make so many people at one time laugh and feel like they're all just like hanging out at a house party it's great is this your tour like venue um schedule so far in your career yes venue wise yes the amount of shows no my Lord I mean we were doing we were doing between 40 to 50 shows a month for the past year and a

00:22:12 half Matt how long did it take for that leap from Club to Arena like it seemed like it happened really fast for you it did it happened very fast uh it was 2022 I was like just kind of starting to headline clubs meaning that like I was just finally getting a few people to buy tickets enough of the clubs would like trust me with a weekend or you know they're off Tuesday or Wednesday and then within probably eight months of that we were doing soldout theaters for the next year year and a half and then

00:22:42 we dipped our toe into Arenas at the tail end of last year and I was like oh this energy is addicting there's really nothing that matches it at what point did you think to yourself This is what I'm going to do for a living when I was about 14 years old maybe I was still 13 my mom won tickets on the radio to see Dane Cook at Nationwide Arena my the arena in my hometown Columbus Ohio and I was a huge fan of his and I went to the show we sat up in the nose bleeds and I just was in awe of the entire experience

00:23:13 and I was like wow I think this is what I want to do and you know shortly after I discovered um adult entertainment and I was like well all right well that I'm not going to do that adult entertainment hey you're a kid you're a teen that's what you find hey Matt you know what was really cool our friend MO ammer uh we've been friends with him for years oh that's my boy yeah we got the screener before because Mo was coming on the day the week before the show was airing the second I'm like hey oh that's not Matt

00:23:39 that doesn't look like Matt right but I was like Mo like yeah that's Matt Matt was in the first first episode I like that how that happen oh yeah man he uh he allowed me to bring what I call a mustache and we uh we knocked out this episode it was a great time I couldn't believe how many hats he wore on that show he's producing he's acting he's directing I know he's involved in the edit like the the guy is an absolute Beast Man like that's the kind of comedian and kind of friend you need to have to like motivate you to want to

00:24:03 take your stuff to the next level now would you want to do something like that yeah we've uh we've got some things in the work right now that's actually you know that's why my tour this year is spread out as it is I wanted to take some time off to and develop some of the projects in film and television that I've been working on for the past couple years and right now I'm in uh I'm in Georgia filming a movie with Owen Wilson that's going to come out hopefully by the end of this year I'm I'm really

00:24:24 excited to make that transition can you tell us the name of the movie or what kind of movie is it yeah it's a comedy it's called loud it's about a father who loses his son at a

music festival and it's just ow and I and this girl Christine Co we're really the three leads of the film it's really really funny man we've only got a couple weeks left of filming but I'm excited for it to come out we're talking to Matt R on the ru and Ry show with Eric his tickets are on sale now at toyotacenter.com or

00:24:46 Matt R official.com his show is going to be on March the 9th 7 o'clock at the Toyota Center and being a comedian for I would say then you've probably been a comedian most of your life have you ever had like a regular job Matt so you can pull for some of your material no I had the you know I had the bluecollar kid jobs I was shoveling snow in the winter time and mowing grass in the in the summer but I started stand up when I was 15 and I missed both my proms in high school because I was like traveling to

00:25:12 do shows already for you know I'm not making a lot you know to make \$75 or \$100 for a show did your parents take you to show to show and stuff that's pretty fun my mom or my Grandpa would drive me from show to show man because I also wasn't most comedy clubs you have to be 21 and up I wasn't even old enough to go in and like just hang out without a chaperon it was so embarrassing Matt how many stops are on this tour how many cities are you visiting on this tour we are only doing 35 cities this year

00:25:39 domestically so when do you have time for yourself like what are you what are you doing like is your family with you on he's filming a movie yeah do you ever get me time like you want to go like you like to skydive you like to go play laser tag I don't know just hang out been skydiving it's incredible I don't you know I don't love that a man is strapped to your back cuz you feel like if the parachute doesn't open he's just going to pound you into the Earth and that's not really how I want my skeleton

00:26:01 to be found no man I actually have been doing that for quite a few years tell what happened he R had to quit because the day before Harvey we had a big hurricane I went out jumping in a with your own shoot solo I'm jumping solo at this point and had a malfunction uh from 14,000 ft and my shoot crumbled with about 200 ft left to go I hit the ground ran my uh shoulder through my chest broke my shoulder my arms my hips my legs everything I was LIF lighted I died in the helicopter and came back to life

00:26:31 and so don't do that he's like a cockroach you can't Crush oh my God you don't fly with Boe do you well no you only die if you want to tattle on them I didn't know if you maybe you knew something we didn't know and maybe they tampered with the pack are you going be like in the center stage or you GNA be at one end or like in the round Houston is in the round which I actually kind of love theoretically I have four front rows now I don't have just a select group of people I can kind of move around we have

00:26:56 cameras everywhere giant screens every where so if I do decide to talk to somebody and have an interaction it's honestly just more opportunity I love it because for those that don't know if you've not seen Matt R's comedy he does pull it's a lot of interaction with the crowd it's fun and new you know I mean as a comedian the art is going home working on and preparing material and writing these jokes and these stories right like that is the work but you know it kind of is like building a script in

00:27:20 your head to deliver these jokes that you've worked on Crafting and you can get tired of doing them like I want to do something refreshing I want to do something new every single show that isn't going to happen at any other show that I do and that's that's where kind of crowd work gets exciting for me it's spontaneous it's new I don't know what's going to happen they don't know what's going to happen and sometimes you get the best stuff out of that March the 9th guys Toyota Center Matt R go to Matt R

00:27:40 official R is r i official.com or go to Toyota center.com to get your tickets uh 7 o'clock on March the night enjoy the text Max thanks guys see you there hey it's time for what's going down h on the Rand Ryan Show with Eric 104.1 krde e right there I was starting to speak and then I stopped myself a stroke or something remember that one time in zootopia when they did that I'm just kidding if you're just tuning into the show Sam has been referencing zootopia which is weird because t two times like

00:28:16 literally the fact that you did it tce you been watching I thought you watch Cars all the time I do watch Cars all the time with Santiago question is if we play try everything by Shakira then we're going to know Sam's in charge of the music all right so this is something I did not know there's a big story on crown.com this morning about HISD the Texas Education Agency requires school districts uh to report uh prevention efforts when it comes to treny you know kids not showing up to school however

00:28:47 Houston Independent School District reported zero prevention measures and zero truancy complaints filed against parents or legal Guardians yet during that same time frame the district did report tens of thousands of kids being Trent H so they're taking no measures but they are having kids being Tru the Texas Education Code defines truancy as a student who quote fails to attend school without an excuse for 10 or more days or parts of days within six months of uh school year well that's if you take your kid out too for things in

00:29:23 every period is an absence Mark I learned that when my child entered Middle School M it's not just about the day it's about every period like if you had to go out to town and you took them at 1:00 well they got dinged from 1:00 till 3:00 for every class oh really I did not know that they get dinged for every subject I never understood why you got dinged in college like for that like I'm like I'm paying to be here if I want to miss five classes so be it I'm the one will pay for it in the long run I

00:29:50 felt the same I never understood that or you just Professor like uh my final year my final semester in college Dr Oliver thank you for being such a jerk I he dropped me two letter grades because I just didn't go to the show and I didn't or the class I was actually working in radio at the time but that doesn't matter if you're not knew all the answers cuz I go in and I get a 100 on the test cuz I I knew it already but why didn't you show up because I was working at a real radio station it doesn't

00:30:20 matter you could that's what you said have proof you were at radio station you were just to Dr I got proof just turn on the fo station hey you listen to Ryan Michaels on K Fox 95 K Fox that's it that was the station still there I think so I think so they're still there I was in a strip mall in lkin Texas you drive by on the on the tollway or whatever and there's a kid out there who Pride the door open with a rock cuz it would lock and I'd be out there smoking out in the parking lot and then one day the rock

00:30:51 crumbled and the door slammed shut I'm like oh no did you to climb up I ran around the back of the building climbed up a ladder jumped through an escape hatch in where they kept the vehicles the promotional Vehicles jumped down ran down the hallway and hit the button for the next song it's pretty no dead air back then though those songs were like 12 minutes long right I keep playing the next record I know I remember I was having a panic attack because it was a song called The Look by rock set and

00:31:23 there's a false ending in the middle of it where they stop and I'm like oh crap it's dead air and then no it wasn't we need Houston Heroes coming up next if you can help somebody out uh this person listens to the Rand Ryan Show with Eric a long time and their friend needs a lot of help right Ahad you were talking to her I was speaking with her her friend
