00:02:16 when you were a youngster yeah I know dude soft and young you know what I mean I know very malleable at the time yeah first of all he's still young I'm a younger though people are young but they can also be younger at one point yeah I feel like you were never young I feel like you were always Bobby I don't know if you ever had a youthful phase dude I'm youthful Now dog yeah no no really no you look like you sell Gremlins now dud that's so good and I do yeah and I do the B how old were you on Matt TV

00:02:51 42 I was in my late 20s yeah for real yeah why no you started at 25 right isn't that what it was 23 is what I start stand up no no no on Matt TV 25 I was 30 really he looked so young on that show he did he looked like a little baby I didn't even I didn't even have hair down there what yeah yeah I got my first hair at 39 good boy yeah and um Matt how old are you now I'm 28 you and I met I want to say tell me if I'm wrong 10 years ago is that how long I've known you yeah i' say so I've been in La for

00:03:20 11 years so 10 sounds I met you about 9 to 10 years ago uh Bobby and I have known Matt for a long time we've watched your Ascension and uh couldn't be prouder and happier for a good person that got you're good great comic good dude and uh when you know sometimes you know when he was blowing up for a second there yeah I hear some girls got well he's just hot and I just be like no D he's got a skill set you can't get there without the skill set because a lot of hot guys have come and gone in this

00:03:52 business and I and honestly I've always thought you were ugly and you don't do white dudes like you it does nothing for my me me me really I'm not even nervous right now D who who's like who's your like male celebrity crush I I'm more Sandy Danto right herey dantoy you know mean I like Pudge a little Pudge in there yeah little character I like the the black ones you know what I mean that's reasonable you like the Ian Edwards you like to think realistic that was the polar opposite of Sandy Danto I know I

00:04:22 like can I have a variety yeah can there's a variety of men that I I like that you like attainable though that's really that's that's I think wait wait wait I think I think that you're getting somewhere I don't think you can get Ian I think you can get Ian I think you can get Ian get Ian well first of all Ian's a vegan and you're the opposite get one of the Ian I get Ian bag can Canadian I get I can get a Canadian yeah I can get um Ian McKay not Ian McKay um hold on hold on hold on hold on hold on did you spell my name

00:04:53 wrong what does it say Matt Rice oh yeah I did it because I love everything's Asian with so if I when I read it it just did you do this yeah that's fancy hold on is his name fancy yeah not so more I'm so sorry not so more what no Matt Matt Rice is because of uh Bobby he has he dreams he dreams in Chinese and uh I dream in Chinese dude and with you he dreams of you let's be real you do look a little Asian like a little you do have a little bit of Asian which country uh so you know more jungle Tai yeah yeah

00:05:29 yeah closer to South Asia okay and it's because your hair is your nut sex are like dumplings I thought you were saying I look preop thanks do you have even do you have even balls or does one hang lower no one's definitely lower which one do you know I think the left everybody knows I think I think the left left I'm pretty sure are you left or right which one hangs

lower left or right they're all equal I'm asan you're an equal guy interesting what about you science I'm a lefty but a lot of people are righties I'm righties I

00:05:57 don't now now I'm questioning I know dude you look down at it you can't tell my my left nut has always been longer than my right nut [__] but my skin is thick my Skin's thick and it's extra wrinkly it looks like it's wise no might not have you seen it ask him a question seen your sack it's so is yours wrinkly yeah yeah mine's so wrinkly though yeah you know you know it looks like remember in aliens on the planet they had the eggs uhhuh it look you that stuff on the outside I think I have that it kind of

00:06:25 looks like dmbe mumbo's head you're you're nuts at yeah let me see let me see like his bald wrink head that's balls look like brussels sprouts yeah yeah yeah you kind of look at top of DM that's my I thought that was my nut sack yeah whoa now when it's shaved yeah yeah anyway go back to the testicle thing I want I do want to see okay so unilaterally and bilaterally the left testies is usually lower than the right because of it's heavier weight so we're in the we're in the uh we're in the majority my friend I like that but my my

00:06:53 my my my mind doesn't sag can I just show you real Qui your nuts are tight can I just show you yeah please yeah Matt close your eyes no yeah yeah yeah no Matt a Matt what I'm not kidding they're the exact same size no way no they're perfect for real well someone's GNA get someone's getting famous on Tik Tok you do have very parallel nuts how do you like I said did to work at it or is just naturally like that like it's just well you know I don't use it much well you know how you can like if you for like a

00:07:26 what you know for like a for like a physical you cough and they they go up are you able to like cough one up higher than the other no no no no no I think there's only one in there maybe yeah just there could be just one in the middle a lot of sense on which can you look into this cuz I've heard this Theory before that if the left one hangs lower it's like you're supposed to be more creative I've heard this like left brain right brain except the opposite for your balls but still a brain that makes sense you know how your your nose

00:07:51 is stuffy on one side and you lean to the other side and then the boogers will go and then you can breathe on that yeah that's what my you can do that yeah yeah are like that I've just stayed congested I didn't no you no you've never laid in bed and like on one side of Stuffy so just lay on the other side and then just let the the boogers go on oh you you you got try that I'm just learning lay down on the bed and grab your legs and tuck them over your head and that you clear me out you just reminded me dude when I was when I was

00:08:19 uh going for basketball in high school they make you go get a physical you know you had to get physicals for school and I went to this like janky you know I don't know like a quick they needed me to go to like a quick dock someone to have knew before back before uh what do you call it uh Urgent Care was a thing I went to like a a local yokal and I just needed it cuz practice was the next day so I go into this guy I'm not kidding I go with my dad I'll never forget he's like uh would you like to come in the

00:08:43 room and my dad was like no what the [__] no why would I go in the room with he's like oh just for Safety and Security and he was like no it's fine I don't want to see my son's penis what I get in the room he's like go ahead I drop down he's feeling around doing his thing blah blah blah pull it up I go back out we're checking out he's filling out the forms my hand to God he goes your son's growing up no your son's growing up he had never seen me before he didn't know I could have peaked you know what I

00:09:11 mean I could have already peaked he didn't know I was still growing whoa but he said Your son's growing up I don't like how much he really tried to sell your dad on the

safety aspect after like the third pitch I would have been like should I be in there with him what are you going to do to my son yeah yeah your son's growing up that's what that guy said he got disbarred we sued him so your dad's never seen your penis of course my father seen my what are you talking about but he doesn't want to stand there and see a doctor examine it

00:09:33 okay n has your father seen your penis uh my dad's dead so probably probably ghost oh yeah that's that's that's that's the worst not now as a younger as a youngster you saw it right I don't know he and my mom weren't even together when I was alive how old did your dad die when you how old were you when he died one and a half oh my god well his dad just died for real I relate how recently four years ago while that's not even just yeah it's a long time yeah how how old was he he was like 80 106 but so you

00:10:05 never knew your dad no no he was like I think he was 21 when he died oh how did he die oh wait let's guess let me let guess always a let's guess oh I know he was 26 21 21 okay I got it yeah yeah what's yours 21st birthday your dad goes out right he's partying he's having a good time uh somebody goes uh what was his name Mike Mike Mike Mike let's get on a motorcycle let's do wheelies yeah right they're doing wheelies yeah really bad accident uhhuh he's alive okay he's totally fine yeah he goes back to the

00:10:42 bar drinks some more parties uhhuh picks up a strange man to hang out with to go do go Roo and toting right goes back to the man's apartment boom Jeffrey dmer whoa I'm not going to confirm or deny until Bobby pitches this okay go ahead oh mine oh yours I I know it fully it's almost as if I was there okay Fourth of July your dad was naked with bunch of his buddies in the South Arkansas in a backyard right he's not from Arkansas he's from Ohio for he happened to be there on a business trip yeah he was traveling and your parents

00:11:14 didn't know your mom didn't know it was what was he selling on the business he's a Salesman right firecrackers oh he's selling firecrackers Fourth of July state to state yeah yeah and he's going to the South to sell this you know what I mean it's actually a trucking company right and this the guy the head of the trucking company's house he was like a your dad was like amen I have the best fir so they have a thing they get drunk they're all naked right it's like eight at night that's how you sell

00:11:37 firecrackers right right you know I mean and you know there's no gay things going on what what no one even said I know but I just they were they were you didn't know my Dad yeah I didn't know your dad yeah they were like you they're poking yeah yeah you know what I mean and then your dad [__] why he did this he threw a little firecracker in the air a sparrow came down bit the [__] firecracker Right and started going doing loopy loops uhhuh like you know what I mean like a sparkler in the sky right right

00:12:02 and then your dad was naked you he bent over to get on the firecracker The Spar goes right into his butthole with the firecracker yeah yeah yeah right there's an explosion but he doesn't die wow but it hurts so bad so bad and here's the thing they all start laughing no all the people yeah the trucking company that's how you agree you [__] it and they see the f word for some reason yeah why I don't know why okay that doesn't mean he's gay no yeah yeah yeah and they spin on him too wow I don't know why it's a

00:12:27 South right but the Sparrow's still alive [Laughter] dude that's my mom listens Sparrow my mom listens to every podcast I do and this can't be the one the Sparrow's still alive dude it's unbelievable it's like a zombie Sparrow right the the wings are gone spine face right and out of the left eye of the sparrow comes out a little tapeworm oh wow this tape room right has [__] the first case of Co W way before Wuhan did a little Chinese tape one yeah in the eyeball of the sparrow wow what are the odds what are

00:13:08 the ODS right yeah your ass your dad's ass exploded he's still alive he's still alive your dad but he is like call the cops strong guy he was a strong yeah he was he was his hands were in the dirt the Earth Scrat scratching call the cops please or the police I mean ambulance he doesn't even know what he's saying he said cops first uh-huh doesn't even know what he's saying cuz he's so [_] honestly right I know dude this [_] little [_] maggot NOP yeah not a maggot try again this um worm this little worm tapm

00:13:43 tapeworm tape worm yeah well you know in the South they call it both oh that you do you're right yeah right it goes inside the opening of his ass and he gets infected he dies two weeks later anyway wow what really happened it was a [_] Chinese tapeworm are you serious from the Arkansas how did you know that I just [_] you read about it yeah you yes anded a sparrow in his that could have been it sounded reasonable I'm so sorry good oldfashioned suicide oh [_] I know oh good old fashioned good

00:14:17 old fashion the American dream really was he um depressed no he was stoked he was [_] he the happiest suicide got a new gun yeah he was on some uppers I mean see you later son my God was he happy yeah he was amped what I was asking Jes I know sometimes I'm Walking on Sunshine Jesus I'm so sorry hold us I'm so sorry that was rude what I'm saying is that sometimes you know no yes if he was drunk right he wasn't and he was thinking right that maybe you know what I mean that's what I was asking so he

00:14:57 had you at 20 years old yes wow and unfortunately took his own life a year later I'm so sorry man I I want to believe that didn't have anything to do with it but certainly did had he known you'd be selling out Arenas he would have waited probably would have waited yeah would have stuck around I would think so you know there's also there's also a theory my own Theory right he uh he's not even on the birth certificate CU he did he didn't think I was his cuz my mom he and my mom weren't like officially D did you think your mom was

00:15:24 hooking up with other guys yeah definitely thought she was she swears right don't think I look anything like my dad at all and my mom always tells me I look like this guy she dated in high school like before she met my dad well get DNA test I I've thought about it you got it dude you got to get a DNA test at the 23 now it's like but I don't want to like now that I'm at where I'm at in my life now I don't want to like go and tell this guy hey by the way you got a Golden Ticket No you don't give him money he doesn't get [_] well

00:15:56 yeah no he earns it he earns it what could what could I use him for at this point tour manager tour manager not a bad idea sneaker cleaner okay there okay can I just let me just say something to you Matt okay that was the grossest way I've ever seen life right so anyway like you were drinking from a hose okay come on let's move on the fact that you guys have won any gold medals is insane to me yeah yeah we ping pong see that yeah anyway um congrats by the way ping pong was huge Arrow too archery archery yeah yeah

00:16:31 we kill it yeah you did okay okay anyway can I ask how many gold medals does Korea have right now oh my God are you Korean yeah for now [_] off 21 total medals nine Golds yeah it's amazing yeah it's pretty good is it not amazing it's not America 33 okay yeah what' you say Britain Britain is 33 yeah yeah us 61 medals Come See About Us wow yeah know you know who's in first yeah but we're also the size of Delaware Korea yeah what does that have to do with it it's a small country dude so what go back up to the top yeah

00:17:04 France isn't [_] that big no France is not big at all 41 yeah okay is it bigger than Korea though everything is everything's bigger and Korea Okay no Okay anyway let's I I forgot even what I was going to ask Matt man you talking about his dad how did your dad die oh no choked on a piece of kimchi it was awful to watch he was there he wouldn't do the him

like anything joking almost joking I thought he was saying I'm joking cuz we were just [__] around the whole time we're eating dinner you I'm a do I'm a do no

00:17:40 what I'm saying let me go this a serious point he died of natural causes he dies of natural G but um get let me get to this point please so one of my favorite shows I've talked about I know you guys are bored that I talk about all the time but long lost family I know yeah because there's an episode of you ever seen it never even heard of it it's on TLC it's one of the greatest show ever made it's pretty incredible to watch incredible what's about it's about either someone that was adopted or somebody that um gave up a

00:18:06 kid you know before adoption they try to find them and they reunite and it's super sweet yeah okay so there was this one girl on it I think it was the first season she she's from California am I boring you no dude I'm listening okay okay okay I just don't like the way you do that okay well you go like that I was burping okay I'm not going to start over so anyway so this is girl right and when she was like 19 years old some guy said what you're Italian she I'm not Italian you look at your face you're Italian so

00:18:33 she went to home she goes this guy said that I'm Italian I'm not Italian and then her mom goes well your dad's really not your real dad and told her that oh that that would kill you man I thought you would just keep lying at you say no you're not [__] Italian I think she would the mom was holding in for so long and it was like a she was waiting for a window and that was the window it was killing her it was killing her so and then the girl freaks out like what the [__] and she's like yeah I mean she you

00:18:58 that's your dad she he loves you like you know yeah she yeah but I want to so then 20 years later this show comes about and she's like I want to try to find this guy and he knew so she um had an animal sanctuary in California she raised llamas and you love sari any story with a sari a sari a sanctuary yeah we're working on it we're working on we're working on it right and and so so they find the guy right and he's like a park Granger in um Oregon and he has an animal sanctuary no way yeah yeah Cent her blood yeah so

00:19:36 what I'm saying is is that you know they and then they when they met they look exactly alike and they just you can see in the show they're just bonded like it was an instant so beautiful right and so it's like she's not going to go he's not going to go hey can I have some of your llamas like that's your parano right no they just want to meet yeah but you mean so what I'm saying is is that cuz she has a bigger Sanctuary than he does right you know he's not going to go give me some of your [__] you know marup

00:20:01 he might yeah yeah I got a lot of platypus so what I'm saying if you find your biological dad you just want to meet him and you who knows there might be a connection he might he's not going to ask for anything how do you know you're like you you you're assuming that that's a you don't know because because then if he does you know let me put my [__] smart hat on okay okay so it didn't work you you yeah with your hair off front you look like that kid from up little what with your hair coming to the

00:20:34 front you look like the little fat kid from up oh really yeah that kid that's exactly what you look like right now so [__] cute yeah I'm so cute cute you are so cute that's you that's 100% you when your hair goes up wait wait let me see if I can do that kid that's that's you that's you dude adorable dude you're so adorable dude but I [__] like a machine no and I have to throw that out there so so no I just everyone I'm cute but ladies I [__] like I'm a sh anyway okay did you ever did you ever get a did

00:21:03 you ever get a backup dad did you ever get a backup Dad yeah I had a stepdad stepdad of course was he is he still around uh no he and my mom got divorced like probably

six seven years ago something like now is she going to swing again your mom or do you think this is it oh she's dating on a new guy yeah she a new guy would she get married for the third time you think she was never married the first time okay right second time we're basically trying to ask you is if she was single and I'm single

00:21:25 would can I go on with her cuz your mom and him might be the same age your mom how old your mom oh no my mom's 48 dude you're [__] 52 older than his mom your mom's 48 yeah I'm 52 I know God dude I'm the same age as your mom first of all you could never yeah you st she's an angel no stop stop stop no she wouldn't no just stop stop stop stop everyone stop okay cuz what he just did maybe you stop honestly I I'm sorry I know he's a big St he said you can't M my show dude okay dude your show right you're the captain

00:22:03 all right so so can we let's admit I am the captain now you are the captain all right so what I'm asking you Mr R is is that I ain't good enough for your mom dog what is that I don't know I just south Kore what yeah yeah hey man I ain't good enough for your mom dog he's from he's from Ohio doesn't smoke American Spirits okay she smokes marble maral light Amer but if I called you and I said yo dude mats your stepdad Bob that would feel weird yeah yeah but why I'm a good dude no you're not Acorn hey investing can feel very

00:26:24 right edamame exactly a little Anam Mame right the a condition you can hear that little little purr right it's a window and all those senses right now really just kind of [__] cling on to those [__] senses mhm right now that's the only thing that exists now the present the present moment is it working is it working it's actually pretty good is it working it's pretty good what I'm saying is is that Matt you see one side of me but there's many sides to Namaste Bobby Lee Namaste Bobby Lee and I have other knowledge and

00:26:59 wisdom that I could give you but you're not just you're not open to it right so for you to say that I'm not good enough for your mother is quite frankly Rude by the way a spiritual an aggressive passive aggressive spiritual coach is so funny yeah man so funny dude pass aggressive what kind of toxic Mr Miyagi [__] is this you feel that for you to even think all right all right all right I I won't I won't I won't I won't you gas lit me in my own therapy I know I know I know mom is an angel I

00:27:29 know she is but yeah it's just rude for him to say that it's not it's his mom it's not it's not that I think she could do better I do how about this okay no here's what I'm afraid of as a third party viewer of all this uhuh you're going to come in there try to get into his family cuz you want some of his llamas I got llamas too you don't have as many llamas as he does but I got llamas old llamas frdy your farm from different countries your farm needs a new fence okay this [__] has acreage you okay can I just say you

00:27:59 understand yeah when it comes to llamas though right all you need is a certain amount of llamas to survive yeah you were worried about selling out stand up live okay so you're you know what I'm saying that's a say Comedy Club yeah guy's doing [__] Arenas I think he's got a couple of more couple more llamas but we sold out we did sold out but it's just different yeah together together yeah together oh really oh oh really all right all right right you're a solo artist fine let's move on was Bobby on Dave I can't wait to the east

00:28:28 re band leaves you Matt yeah yeah um can we go can we go back to um so Matt what I'm saying is that yes um the guy that your mom's dating now not that I want to destroy the relationship with M but what I'm just hypothetically saying is is that you've met him before yeah you like him so let me I I can already bet this now I might have more llamas than

him you probably do yes okay way more credits look at my mg has you been on TV or film he was in jail so probably cops hey that's a good show that's a good show

00:29:01 highly show bad boys love that show also I I've never cheated on anybody good that's a truth thing that's a good thing I always pay for meals good that's a good thing okay two for two ballet and whatnot and guess what pal for your birthday mhm you get not something that has a price tag to it but something ingenious and something that you're going to go you know what I'm going to put this on my mantle it's an oron towel is it you should see this guy make a swan on a bed it's unbelievable no I I would I would be very mindful about

00:29:35 making you something that you're going to go oh that was you know really thoughtful so that's it wow I threw my pitch what do you think nah all right all right I'm out you know why you're saying that and let's move on it's because I'm Korean yeah no yeah you're being R that's not true that's not that's not I'm kid that's not true let's move on yeah yeah are you well my mom's single are you single right now I am oh you are good for you well my mom single how old's your mom 80 ageless yeah yeah yeah ageless but her a her vad

00:30:44 heard we broke up um it's not the right time can I can I ask you what because you know I have a checklist of what I like in a woman okay so can to ask you some checklists by all means okay so um from scale the 1 to 10 um what's the number the lowest number you'll go like of just physic aesthetically aesthetically we're talking like La numbers or like genuinely reg real world numbers real world numbers in Ohio 8 I think oh that great yeah yeah that's my standard Ohio 8 oh Ohio 8 that's great do she um need

00:31:53 be that girl I'll be this girl and we'll see who okay we'll see well let's start from the beginning cuz I want to introduce myself though yeah go ahead okay okay hello pass man no I'm sorry go ahead go yeah just disregard this I'm a oh8 okay okay okay just visualize it oh8 right okay yeah my name is Shuki shooki yeah and and my last name Shaka so I I go by sh Shi Shaka okay Junior anyway um so I I never went to college I know have an accent I don't want to have an accent iut shut up Shi shooki you do I don't want one okay

00:32:33 cuz I don't think you'll like it all right I might like it no no I just want to do this my just I'm Shi Shuki sh okay all right okay Shi yeah all right anyway um yeah so I never went to college but it's like um um I really don't have any dreams or aspirations and I hate animals like if I see a llama Or if I see like a mongoose or something I'll go oh look there it is and I might like touch it but it's like I have no connection I've never connected with an animal and I just think the animals are out there for

00:33:00 eating you won me at the end yeah big fan of eating animals but also I feel like animals kind of connect with your soul a little bit so to have never connected with an animal is

a bit of a bit of bit of a red flag a little bit but I I have a talent and what's that and I make um sculptures out of pine cones what's the scale of these pine cones gantic I use maple syrup cuz I'm Canadian as well shook shook the Canadian Shaka the Canadian and I do this art with pine cones and needles pine needles all right

00:33:38 yeah I like a girl who sells [__] on Etsy and the last one I did was of one I did a big sculpture of Brian fery from of what Brian FY the lead singer of Roxy Music some you described it and somehow I knew L also and also Toto the band Toto no Toto the dog from wi Wizard of Oz yeah it's like a bran fairy and Toto's on his shoulder and the other other other one right is Hae ha from Harry Potter what's her name Hermione [Laughter] Hermione yeah and it made hermion out of all pine needles all right I'm back in

00:34:20 yeah she doesn't look spiky what's your Harry Potter house my Harry Potter house well you know it's like um I don't do dumbledor you think the house is Dumbledore well I [__] him when I was there I [__] dble which is he's old but no um Hufflepuff okay I'm Hufflepuff okay that's pretty Ravenclaw I I kicked out of Ravenclaw you know what I mean but Hufflepuff for sure who's this yeah who's this who's this fine piece of meat whoa first of all hey yeah we've met met Shaka remember so go ahead I'm Martha

00:34:55 I'm 68 I like sushi I don't I have never wiped once poop or pee I don't believe in matching shoes I drive a geom Metro I live in Acton Acton Acton Acton Ohio yes and I'll suck your bone dry sold wow it's literally all it wow easy all it took the suing sucking bone dry is good yeah man no no pine cones just get she has a dream [__] face ew I'm trying to support my own no I know but you don't want somebody that has a dream [__] nard no no all right no preferably they have a dream here's what I don't like when I'm going on a date

00:35:43 and I go what do you want to do like I don't nothing oh yeah that's like you can't that's so such a turnoff what do people like that you know what's interesting you get I'm sure you're you're a very eligible bachelor right uh what are you now doing doing cuz you're not on the apps what are you doing to meet people now I don't I don't meet anybody so you just are date if it's organic and you meet through a friend or through the grape vine I suppose but dude I'm but you're out for now you're not interested yeah I'm not

00:36:12 interested in anybody good for you I don't I just I I can't stay stay working actually but be careful on the work part do you remember what I told you at Bert's Premiere do you remember when I pulled you aside in what I told you uh yeah don't don't go to Bobby's house don't go to Bobby's ver what' you say at First Premiere I said to you I'm H I'm proud of you I'm happy for you um and I said just don't let them work you to death and they sure did and then a and then within like a month we were in I saw that yeah Riverside or

00:36:41 some [__] and this [__] announced like a three-year tour I'm like they got his ass they got him good dude how are you feeling being T touring so as much as you are uh well I had to take two weeks off cuz I almost I thought I was going to [__] die I I went seven straight days without a single minute of sleep whatever and I was doing this casino in um was it was it Sun Valley in NorCal I don't know I don't maybe I havea casinos up there sure and I was on like I was on like four days there no sleep and I'm I'm

00:37:09 sitting down I got this [__] Wireless handsfree mic now yeah I'm one of those and I'm like holding on I'm sitting down the whole time holding on holding on to the stool like trying to keep myself from like falling over I can't look out into the crowd I my vision just going so in and out I'm like if I just get through this I have three days off before my next show show I'll just rest I didn't sleep for those entire 3 days why so then when I I just I couldn't sleep what I said that just can't sleep I'm glad you didn't remember

00:37:36 it because it was a good piece of advice but I did mean it when I said it to you because I'm being genuine I've known you for so long I've seen your career it's been wonderful you've been humble the whole time you've been a gracious dude um you've worked through all sorts of [__] a lot of up and downs from a perspective that America may not know you know I've seen you do the Gambit I've seen you run the Gambit from a from from a from a very low low level that I saw you at when you first started and

00:38:03 you were young and I think what's Wild is people think well this is what you asked for but when I meant when I said that to you was because we're a little older I've seen it before and I was like just don't let them run you into the ground and of course they ran you into the [__] ground and I we had heard cuz we know your old team or and all that stuff and when you announced all that [__] I thought you got to be careful dude because they'll they'll work you till you break you're also allowed to say no allowed to say no know

00:38:29 that at the time when you're used to having nothing and hearing no no no no no and then you're getting all yeses of course you don't know how to when they're offering you a paycheck for one show that's more than you've ever made in your entire life combined who in their right mind knows how to turn that dude trust me I told you I get it and I said go get your thing but also you got to be you have to watch out for you because you will have an emotional breakdown Theo's talked about it we've talk to the about it he he called me

00:38:53 just the other day to he's had big heavy hits where he it's tough sometimes if you're just go go go go go go go you're this is not this is this goes away you lose your [__] the last year and a half I've been doing 40 to 50 shows a month oh my God yeah it's been you owe the mafia a bunch of money what going on what are you doing gam I thought I thought I could handle it I really I really thought I could do I promise you can't I apparently I couldn't I when I had to I had to take these two weeks off

00:39:20 from shows was [__] brutal I never thought I was going to have to do that but I was just like I cannot possibly [__] perform and it was because I was on a tour bus for 9 months so every day was Groundhog Day right I would perform till 2:00 in the morning stay awake till 5 or 6 then try to go to bed couldn't sleep so I'd sleep till like 2:00 p.m. I'd stay on the bus which was wrapped so basically blacked out until like 400 p.m. just meetings writing whatever I'd go outside I'd see the sunlight for like

00:39:47 two minutes a day walking to the gym and walking back and then I'd do the shows and repeat so when I had to come back here and take all these doctor's appointments they were like oh dude on top of you you have like severe insomnia and like really bad anxiety I don't know if you've ever talked to anybody about this before but it's not even that you have a bad circadian rhythm you don't even have one at all it's like you know when you have a baby you have to like teach your baby when it's supposed to go

00:40:09 to sleep like what night time is right and that's all based on sunlight I never knew that I knew sunlight was good for like vitamin D or whatever and good for like your immune system but I had no idea it had to do with your sleep clock as much so my body and brain had no idea when it was supposed to go to sleep ever wow so I had to like those two weeks off I had to like retrain my brain to like be like okay stick to some kind of loose schedule at least a little and new meds like are you staying clean outside of

00:40:34 that though do you don't you're not a big drinker drug user you don't do any of that stuff drink I don't really drink unless I'm like I mean maybe like maybe four times a year I drink I but stay off of it because I that's the that's the one thing that I think gets people you're on the road and you think well I'll I'll do this because this will help or I'll pop a pill or take a

drink or smoke or and it's that's when it starts to spiral especially in your case when you're like just constant constant

00:40:57 constant Conant so it's good St away from it but also met um Sirius note I'm going to put on my Sirius hat okay um it's about longevity too you know of course you know that's the hard part him and I been we've been around for a long time you know him longer than me how old are you s you know 40 he's 40 yeah I'm well but I've looked 40 since you met I've been I started when I was 23 oh my God and since the '90s all the way till now and it's like and there was a lot of opportunities I didn't get D and also

00:41:29 admit I was never like the kind of what you got you know what I mean I never got what what do you mean well you were never dude dude dude you're uh you're being so [_] rude right now it makes me so [_] mad you were never I tell you what I'm [_] talking about right now d never hot no [_] that's what I'm saying no [_] you didn't get a phone call term oh dude you make me so did you haven't made me this mad since the early days dude good dude yeah no [_] you dude I'm not all you [_] you

00:42:11 Porky God Dam God damn this is so hot any anyway yeah you never got these opportunities but you got some amazing but you had amazing opportunities I've done a lot of great things in my care but what I'm saying is is that um I I it's just just know that you're always going to work I think the thing in our minds is like if I don't do it now it's going to disappear it's not now it comes about in different forms you might do see see you might do bigger things right or you might do you know mean there there'll be a couple of slim years

00:42:49 but trust me you will have you'll come back and then you'll back and that's what life is like this like a are you okay [_] dude it's like this you know yeah okay the roller the roller coaster back and forth like this the roll this feels racist even you yeah yeah so that's what you know that's the inside of your grandfather clock CH I need to drink some water hold on you need to you yeah you need to get your sleep schedule right cuz it's healthy for you dude to get get back to square one then you get healthy

00:43:26 physically and mentally cuz I think the mental thing is like you're in the gym all the time but that's not helping this thing no of course just cuz you're getting in staying in shape it's not going to help your brain and a lot of people don't understand it's like okay you get to this point what is there to be anxious about like you made it right but it's like okay well how do you keep making it it's it's easy to have like a hot couple of years but then you go okay the anxieties is of like okay am I ever

00:43:48 going to have money to like support a family or anything like that that's that's cool that's taken care of but it's like what's how hard this moment is right now I go [_] like what what's the next 60 years well but who cares I would say this I'd say the one thing I would say is if you're not enjoying it no matter what you acquire will never be worth it that was the no matter what you cons matter what come if it's not fun anymore and it's just work to for the perspective future of the hope that I'll

00:44:19 be settled at some point you're never going to you're going to lose your mind and you'll get there and you'll be miserable as [_] you'll have whatever you need you'll go [_] this sucks I don't even like this yeah there there would there would definitely be times in doing you know 10 to 14 shows a week that I'm like there was nothing that upset me more than whenever I would go I don't feel like performing it's like dude you have a theater full of [_] people right you would have killed to

00:44:45 just have one of these shows like this ever in your lifetime and you didn't feel like doing it because it just felt like Groundhog Day over and over again so the be the best part was

like having my friends around to remind me of that and make the entire experience as fun as humanly possible how many people do you take on the road uh there's my videographer my photographer um two openers two people same two guys uh yeah host and a feature uh I keep the same host and then my feature just kind of in

00:48:26 right or no you already shot some no we've got like we got like six in development for that's what I'm saying once those starts start those then you're going to be in a town for a month and a half doing that and meeting different actors and doing that creatively you're going to do different things right so just as long as every year you're mixing it up and not just constantly touring cuz then that would be that's like a a sad life you'll burn out you'll burn out you just burn out and we don't want you to burn I think

01:04:36 since I put away booze man my sweet tooth you don't drink at all no I don't not drink at all I just I I you know I I just go through phases of when I just stop and then I have a couple and then I stop I do na beers once in a while I like those non-alcoholic beers yeah love one that's the most alcoholic thing I can imagine drinking well dude to like to drink to like to drink for the flavor but not the results insane I love it I I like the flavor of beer I do like the flavor so gross see na uh uh D alkalized

01:05:04 liquor terrible like bourbon de alkalized that's ter but an NA beer is pretty [__] close to the same thing to beer tastes like piss dog well when you grow up you'll like it hinin let you know in eight years I got you hinin makes a double zero beer that I think is I don't know it tastes it's so clean and good it tastes just like that and if I'm out with friends I'll have one of those instead of getting cooked because I just so crazy to me I know what do you drink Bobby when I do cowg piss cups of piss when I

01:05:35 when I do cowgirl I have to put a pillow between my back cuz my back hurts mm when you're riding somebody no when I'm in no do you do reverse cowgirl when you're on when you're on your buddy no when she's on me I have to put a pillow on my back because my if it hurts my P yeah we're getting older enjoy it right now dude it's all going to break down yeah what I like to drink um I like to drink I'm in AA you know that right you really yeah I've been for almost 3 years what really no two and half years been

01:06:01 two and a half years that's almost good dude thank you man of course and so um but you know if I was drinking those Fireballs I really liked Fireball yeah yeah like the little like like the the the what like a cinnamon whiskey yeah really I like that those get [__] on a lot but they actually taste kind of good like it why would get those right from the um in Hawaii they have the little bottles I used to drink like 15 of them all right that's enough no what I love that remember yeah yeah we do

01:06:29 remember yeah yeah cuz I relapsed when they were in they in Hawaii well they saw me in Mexico and I got drunk and they they had to follow me around and and and be my

shoper had to send him to rehab I go after Hawaii after Mexico Oh some somebody got shot at the resort next to us remember that in Cancun no [__] way yeah a tourist or no no they never kill a tourist they kill a local yeah oh so it it was uh Cartel Cartel 100% no [__] way they walked to the guy shot him and then they walked out

01:06:58 casually I think they took a mint on the way out very smooth yeah yeah it it was really like they didn't feel they would never heard of tourist it would [__] up their business that's what I've heard but they tried to shut down the resort remember this it was a panic and then I was freaking out because I had to put him in rehab and he was causing me a lot of Anguish and I trying to find where he was off to and he was hiding and he was asking you were hiding yeah well he was asking other people to buy him booze and

01:07:18 then he got in a fight with me because I wouldn't get him alcohol and then he locked himself in his room and he got [__] on the wall he pooped all over the wall no no he didn't yeah he did you [__] on the wall oh yeah yeah yeah yeah and that those are like 15ot I mean all the way up like B thing it's he's an artist yeah yeah yeah I'm not kidding dude I opened the door to his hotel room there was throw up yeah yeah yeah yeah okay let's move on we talk about no no descript descript it there was it looked

01:07:43 like like it looked like a one a 180 sprinkler head that's like that's what it was W the at times no I'm glad I put you in there no I feel great I feel free yeah yeah was that was that like the final straw when you just I've had a lot of final straws in my life you know I had a final straw at 17 when I was 30 I had a final straw you know over my lifetime i' I've relapsed and and gone that deep but um this time it looks I feel like it's sticking we've been to rehab three times together yeah yeah yeah we I put him through

01:08:14 re Tak care of him take put him where he needs to belong and that's cuz I love him so much that's so the one in two song was the worst that was the worst it was a b it was a bad rehab it was like one of those places were like they I had to wake up at like 6:00 in the morning wait in this line I'm I'm in like hospital gown right and then like it's like that Queen's Gambit where they give you like a cocktail of pills and I would go what's in this and they go drink it or eat it I would and then I would just

01:08:42 be a zombie all day and there was like no counseling or anything I was just walking around smoking cigarettes just a mental Asylum yeah it was a mental asy and I was there for two weeks and then one day I just called my agent I was like I got to get out of here you know what I mean they're dragging me you know what I mean right and I got out and I I changed facilities but that was a weird do you guys remember that it was a weird I can't tell what place you could check yourself out of rehab at any time that

01:09:05 one I couldn't because in the middle of the desert and like I I didn't know how but legally yes correct yeah I had no money I did I they took away my cell phone they took away everything he was deliberately put in a place where you were a little more controlled huh but but it was too controlled but yeah well yeah I mean it's also I'm smoking cigarettes with a bunch of like 20 young kids kids in the middle of a soccer field and they're just like what are you doing here man and I'm just like I don't

01:09:31 know man you know crazy they're like aren't you on TV me it's like crazy yeah Andrew do you is there anything you think you're close to addicted to um uh work that's that's not a bad no he has what har Mandel has he can't stop he he always has to be doing something and it's not something it's a real thing yeah probably a sickness for like I look I look at him I go what you're going where what you know I mean like 24/7 it's always doing something yeah and it's not healthy no [__] I probably have

01:10:07 that as well dude when I had to take two weeks off it felt like taking six months off it was awful I was going [__] nuts I've gotten better at taking time off I take we take vacations uh my wife and I like go we we we carve out time to do things but but your work is is different than my work my I mean like you're on tour you're grinding you're doing [__] 50 shows a month mine is this job that job this job that job it just I'm just spreading myself too thin of course uh something you could consider spreading yourself

01:10:41 thin but um that hurts that's I'm going to give be Pi beauty is pain okay hey hey be my little Korean Elvis I'm sorry come on give me a Bo wi we going to win we going to go dude have you ever played Memphis Yeah I was just there maybe maybe a month ago we [__] hat I love Memphis are you serious you it's for you they hate where where did you play with uh we played at Elvis's estate at graceand yeah yeah yeah yeah no you did not yes we did yes you can play at graceand you can play at the stages of yeah yeah yeah yeah yeah

01:11:41 what I should take it back we don't hate Memphis we hated what happened there yeah we got Louisville what happened in Louisville I like Louisville oh the flying the food at Chili's yeah the flying the but the show was weird do you guys have any like stalkers or anything on the tour uh we had one guy that was [__] in Dallas that I was at the meet and greet and he was like uh he goes hey man I broke in here yeah yeah what he goes I broke Asian guy Asian guy yeah Asian yeah yeah he goes I broke sorry he goes

01:12:10 I I broke in here no of course not no he goes uh he goes I broke in here man I was like what do you mean he goes I didn't I don't even have a ticket I don't have VIP or anything I just broke in he's like this is what I do I have a GoPro or something he recorded himself breaking into his favorite concerts and venues and so we were like cool man security yeah and what the [__] yeah why would you admit that yeah does he like post them online I don't know I think he probably does a YouTube show or

01:12:34 something about it you got to find it yeah well dude I said to him I go hey man as long as you're cool chill and you're not trying to hurt anybody like fine but like don't don't tell anybody that yeah you're going to get arrested like I'm not going to arrest you but they're going to arrest you so I was like don't say anything just get out of here that's [__] terrifying it was weird as [__] that was the only time but him and I though um well my concern was cuz we had really never toured together

01:12:57 before literally never literally had never done it so in my mind I'm like what is it going to affect our relationship or our friendship but I I don't think it I think it strengthened it you got share a room no but we're I you're doing it wrong yeah you're supposed to share a Double Tree really full bed of course you've done that with people that's what I was doing in the beginning of touring yeah not not like the Live Nation Tour but like when I was first starting a headline on my own like beginning of last year yeah cuz I

01:13:22 couldn't afford to get everybody their own room yet right but we can you know fine [__] weird about don't do that you know what I mean no we slept on the bus we lived on the yeah oh you said a bus we didn't get a hotel we were on the bus but I A gry Hound oh it more like a brown hound okay yeah not so gray it was a brown hound it was from Mexico but
