00:00:55 we're gonna uh next time we're going to see if Margo Robbie is available uh to try to resched shows yeah see what ter you seem like to be a good wingman yeah yeah that's for sure what I'd be doing if Mar Rob was helping you see with her for sure listen on today's episode of swapping jobs I'm going to teach Matt R how to do a root canal and we're going to let him loose on a bunch of patients and I'm going to take over his set tonight at The Helium Comedy Club and we're just going to see what happens

00:01:20 that is going to be equally damaging to both of our careers I got I mean you want to hear one of my bangers absolutely okay so how did the uh how did Dennis become a brain surgeon I don't know he slipped oh my God so stupid do not slip I'm so afraid I got to change my toothpaste it just dries my mouth out yeah yeah of course I did that thing where you brush your teeth heavily before you go to the dentist so they don't think you've not been flossing yeah oh this looks a little un does that look even to you

00:02:01 oh let me just fix the knif here okay that just I a little uneven to me I didn't know you fixed it did I fix it you got it did that work absolutely right good just making sure do some get to know your questions for Matt Matt uh pancakes or waffles you start with some softball stuff waffles yeah yeah these too I think technically they're the same product yes they it's just different shapes just different shapes which is I don't know I like dino nuggets more than chicken nuggets don't I don't know why I never

00:02:32 thought like that I just like it I don't know just a different shape makes me a little happier what about office or parks and wreck oh I'm going have to go parks and wreck really but if I'm picking a comfort show yeah I'm going that 70 show oh that's my favorite that's that's a good one that's a good one love it a good watch any episode at in time yeah I'm that way with it's always tell to Philadelphia oh so good that is a top one for me so so good good yeah Brant on that show what about um uh the

00:03:05 Underworld franchise or the movie Click pass what pass great films great films they are fantastic don't you love them everybody involved is absolutely incredible in those movies yeah all right you nice try not enough Crank It Up we're going a little higher see what else we can find out okay talk about that not high enough but yeah krop or Pete Davidson oh what what do you think like who would I rather watch yeah yeah Carrot Top for sure oh yeah one giant muffin I did a movie with him he's actually very nice did you really he's

00:03:49 so nice no way what movie uh it's called don't suck it's a soft core more so mat I would never describe gay porn is soft core ever even the softest gay porn is Hardcore dog that's true that's probably true I I'll take your word on it I don't I don't know what you're even talking about you're literally wearing a thong I don't know any any Flo might feel tingly in your fingertips or in your toes a little bit no sometimes the nips a little bit get little check those are those good do you want me to check them it's good

00:04:28 actually I'm the doctor turn the volume up amfm did I hit him you know did I hit they right there you go you got him that was it there you go okay now the world knows it's okay I'm just I'm just that's how we test your TMJ my girl one question this was good do you get um do you get tired of being objectified follow-up question what that P do that was followup overwhelming I feel a little let's get you overwhelmed oh God do it let's just crank this up we're going to do there's more oh yeah dude Jesus are you feeling it these

00:05:03 chers my nose is a little cold yeah that will happen but tolerable you want me to sit on it yeah if you could move that thing to the side th so funny man R can't get canceled but I can for sure I know I know it's the worst hat much uh we are just going to put this on a little 2 by two piece of cotton this is Matt rif calculus this is eBay item number two that we'll be selling that right there start the bidding on that at 100 bucks we have a friend of ours whose dad on his deathbed was told that he was gay

00:05:43 wait wait like our our friend's dad was told that his our friend his son was gay on his death okay your friend was gay no no the thing is he's not but somebody told his dad of his death bed that his son is dead oh no when he died like that yep oh oh no we like we like to think that's what killed him oh and he was an old guy who probably had a problem with that oh

yeah he's probably like that's no way to live yeah when he told it was the funniest story so now anytime I feel like I'm on my death bed it's

00:06:15 okay you know what I would leave people with a mystery like that a nice little mystery right on my death bed for people to figure out all right I think I want to release I want to release a joke book on my death bed okay of all the jokes that way too [__] up to tell on stage you got you got a list it would have just pissed people off you got a list running I I have a I have a file in my notes in my phone of jokes that would get me in trouble but on my death bed it's like let's just tarnish this

00:06:43 reputation go out with a bang I mean they're all funny they're just problematic yeah yeah release that on my death bed Kyle you have position you think you think you going I'm going to live longer than no there's not a chance Kyle lives longer than me there oh there's no way Kyle's oh yeah this boy is going to die under a Latina's booty somewhere somewhere in Tiana Kyle's going to overdose on Latino vagina for \$37 this is the highlight of my year probably it's it's incredibly tolerable for me as well

00:07:20 yeah you ever worn a thong no for no reason no reason ever never been coralled into wearing a Thum No not once you want no is there room in there for two yeah huh yeah that's I mean there's not room in there for two nuts even really we have just finished administering nitrous oxide to Matt R Matt what what what were your uh what do you think about that what what was surprising what was expected what do you think it woke me up in the best way I was so tired coming in here I'm so tired but it gives you like a fun energy

00:07:57 yeah like alert you're alert yeah that's exactly is that what's happening you know what love is a drug I felt something and I was about to O twice listen I want you to tell everyone because we talked a little bit about just one thing I want I want to get out there because you didn't like your teeth yeah for a long time you did something about it made a difference I want you to just say a little bit about how happy you are how life has changed you said it's life changing so how has life changed for you after

00:08:27 having your baners done oh I mean it changed everything and number one thing is it changed my my self-confidence like I If you you cannot find a photo of me smiling as a child anywhere on the internet if you can send it to me because I've never seen it like I I to this day don't love SM shut up what in in my in it's not me smiling in a photo that's clearly a grab from Wild M but even that that's a perfect example that I was so excited to be on a TV show for the first time in my life I was so insecure about every episode of

00:08:56 that show because I was like everyone's going to see my teeth listen the whole reason for this whole show is just we're just selling veneers that was so bad you like that Jesus guys look at this look at this face that's insane are are you thinking you don't need veneers are you thinking that you don't need this kind of glow up in your life get them call now if you need it but I mean some people who have like the tiniest crookedness in a Toth like I don't I need a whole set of veneers you don't get some invis or something you

00:09:21 psychopath Kyle I found a picture I got it that's imp that was impressive that was good comedic time you like that you like that thank you thank you I appr get the it's going to change your whole perspective on yourself that's right that's right wonderful that's right Matt thank you so much for joining us anyway thank you so much for watching and uh stay tuned follow this guy wherever he is uh you can't buy tickets uh for the next seven years and don't buy them from third parties don't don't we're not

00:09:46 doing that not worth it we're not doing that thank you so I have a couple tickets if you're interested in buying them though and I got these eBay items so you
