00:04:54 you're stuck there yeah I'm going to go back barrier soon it's going to be great oh that's depressing yeah no it'll be I'll already be there yeah it'll be great you're going to [ \_\_ ] her to death it's going to be great she literally has a cocktail napkin that you signed after that show she got it framed uh I remember the phone call I I she was the only show she ever went to because I was so close with Ralphie May and uh [ \_\_ ] she goes because all she knew was The Comedy Store at the time I mean that's

00:05:22 all there no no one's going to shows in Youngstown but she saw you open for Ralphie at that show she was a guest of Ralphie May and you blew her [ \_\_ ] mind away she's been on the show she's been on panel she's done a set on the show oh yeah she's a legend perhaps even a future Kil Tony Hall of Famer who knows there we go and and she framed that [ \_\_ ] cocktail napkin and told me that day that next day I remember she goes I'll tell you the kid that opened for him is a [ \_\_ ] star he's gonna be a star Tony I go who are you who in the

00:05:53 world are you [ \_\_ ] talking about what do you possibly know and she has that cocktail napkin still framed on on a dresser with all this [ \_\_ ] [ \_\_ ] that's so cute which goes to show hinch Cliffs are geniuses Matt Rife first time on the show let me explain to you there's over 300 people that signed up for the chance to get pulled out of this bucket 300 [ \_\_ ] pieces of paper in this mamama Jama they're all piled in across the street at a bar called poor choices if I pull one of the names out of the bucket

00:06:23 they get 60 seconds uninterrupted you know their time is up when you hear the sound of a kitten that means they have to wrap it up then or else they out the angry West Hollywood bear which interrupts them I conduct an interview we meet them all together and the whole thing's improvised Anything Can Happen are you guys ready to start tonight's show let's start it with one of our esteemed regulars ladies and gentlemen this guy an absolute Legend of kill Tony we met him when he was sleeping in his

00:06:51 van doing open mics all around the world he couldn't stop doing open mics up to 4 56 a night now he's one of the highest ticket selling comedians in America this is a brand new minute sing it if you know the words this is [Music] H hey what's up I can't believe there's a woman running for president right now is this a [ \_\_ ] circus they just got the right to vote now they want to run the whole thing not on my watch Cala more like a blah blah what is this [ \_\_ ] shrieking about um but yeah I don't I don't think

00:07:44 anyone wants to hear women talk I think we just want to no seriously I think we just want to hear the air moving around their tits personally God I [ \_\_ ] hate women [Laughter] what they're racist to Asian guys women want a strong confident American man that's going to attack Iraq twice for no reason they don't want a cunning careful Asian boy that's going to pick the right Harbor thank you wow Hans Kim with a very Punchy set wow wow what a to get the show started Hans Kim thank you Tony wow amazing a

00:08:36 very woman hating set are you trying to win over all the incels in your Instagram comments right now incels all right there were a shy Bunch yeah do you have do you have a

girlfriend yes you do yeah she's in Europe right now uh for 3 weeks going to bars and drinking where in Europe uh she was in Budapest she's was in Amsterdam she was in AA uh oh people people cheat in AA yeah yeah probably someone very beautiful someone with beautiful eyes like you stop D I'll kiss you on your mouth dog shut up shut up she not here

00:09:18 who's going to tell her shut up Hans weeks without a girlfriend and here you are flirting with Matt R wait how long has she gone for 3 weeks 3 weeks she going back and you're going to have [ \_\_ ] Lego hands dude such a long time to be single after being in a relationship poor Matt Matt thinks this is how big my [ \_\_ ] is that's the whole thing yeah no it's the actual size of a Lego man's hands it's that big is what he's saying what have you been doing to please yourself during this time we know you are a sex

00:09:54 addicted uh masturbating machine what's been going on with you Hans what have those have you been keeping your Hans to yourself yeah my Hans has been on my Hans uh the [ \_\_ ] does that mean my h has been on my schans uh just workshoping but um have you been watching porn or something a lot of porn what kind of porn have you been in anything wild lately what's new for Hans I love Japanese massage porn whoa they they trick a [ \_\_ ] uh how does that work work exactly what is Japanese massage porn usually the husband is

00:10:33 within earshot and like physically yeah an earshot yeah and then they just start touching her and then it just goes crazy so he just watches this go down sometimes yeah it's like a a photo shoot like this is a fashion shoot and then they like f he's she's fuing another dude so he cucks it the entire time I've never understood the cuck situation me yeah get out of there yeah she's not into you dude right she's not the one what do you what is it for you Hans that turns you on having watching a man watching a girl

00:11:11 having sex with another man I just love seeing like a normal person then have sex cuz I don't know how to do that so it's I just want to learn how to get from normal to sex from normal sorry guys that's a real live apology from Hans Kim you don't get that very often and the Asian massage porn do they do the full massage up like do you have to watch an hour start no I fast forward and uh okay all right he's a good man they're usually quick to the point uh of mad if they ruin my massage it's also pixelated

00:11:49 though you can't even see anything in Japanese is that true are you watching pixelated Japanese porn yeah yeah now what is it about that why are you watching the Japanese version of this when you could possibly be watching just American [ \_\_ ] porn yeah because uh Japanese are like uh seducing and tricking and all that and Americans are just like just doing it just like it's kind of boring I like uh I like the process I me everyone hates me absolutely incredible Hans amazing stuff um it's kind of sad it is I know

00:12:29 it's fun he's that guy he is that guy he is going to hang himself with a green belt karate karate belt that is a karate joke no doubt about it woman president this is all true have you heard this week that she's drunk all the time this is a new thing that I've I don't know if it's just coming up on my Twitter feed uh like wine mom drunk a soccer mom yeah and it kind of makes sense it seems like that could possibly be true it explains a lot have you heard this Theory no this is the first time thank you yeah there's

00:13:01 leaks coming out of her camp that she's drunk all the time which would now when from now on when you see her and all the videos of her speaking makes perfect sense breaking news the person who's in second place on all the polls to be president seems to be drunk all the time but you know I mean it's up for us to decide when you hit the polls in November who you want you know what I mean no big deal it's all your choice Hans are you gonna vote can can you vote yeah I can vote not near a school but I can

00:13:40        vote hansy you're a great great person to get the show started you did it again with a Punchy new minute we love him there he goes the great Hans Kim and now to the bucket we go as you know this is where [ \_\_ ] gets crazy this is where we discover new comedians it's where we find crazy people Anything Can Happen these people wait all day for this their odds are literally 1 in 300 and here we go it begins with the comedy stylings of Ben Williams 60 seconds uninterrupted for Ben Williams here he [Music]

00:14:20        is I hope y'all doing good man cuz I'm not cuz somebody backstage he called me W the great AKA these nuts got ha got him you know and that made it worse cuz yesterday this dude he got mad cuz I didn't give him a dollar so he called me a great value D Chelle I was like I'm broke [ \_\_ ] I'm broke and that's crazy cuz D Chappelle heard that he'll probably be like that's like something I would say but that's Austin for you man like they say Keep Austin Weird I say keep it the [ \_\_ ] away from me this dude he asked me can he bought my

00:15:02        lighter so I give him the lighter this [ \_\_ ] start burning himself with it I get further down the street this dude he got his shirt off he got garbage bags around his hand he beating the [ \_\_ ] out this tree and I just wanted to know like what was the root of the problem I'm pretty sure everybody heard the news about Donald Trump getting shot and it wasn't news to me because in my neighborhood everybody get shot my dad got shot and nobody cared not even me and I'm the one who shot him thank y' will thank You' so much there

00:15:39        you go minute 15 from Ben Williams you've been on this show before Ben yes sir this my fourth time fourth time that's right I couldn't possibly forget a smile like that that you have those teeth are really something else that's a badass vest you got on too man oh thank you we're complimenting each other this is great going TI for Tat on compliments best for when you drowning that [ \_\_ ] that's right and so that you don't shoot me yeah it's it's bulletproof and a flotation device I love how you laugh like you're

00:16:16        crying has anyone told you that that you look like you're crying when you laugh no you the first well there you go you first dud absolutely it's all happening here tonight Ben you I noticed you kept glancing at me to see if I was laughing throughout your set and between each choke you glanced at me tell me why you did that no I wasn't glancing at you you must have been looking at me I was I was looking at you you are correct you like what you see currently hosting the show and you realize there's video cameras

thank you very much now I am a music fan to the point where I take it personally sometimes I  
was listening to the classic album Paul's Boutique by the Beastie Boys but I was listening on  
YouTube and YouTube has the comments down at the bottom and can you believe what this  
chucklehead said and I quote this album is three retards spouting gibberish over an awkward  
drum

01:18:54       beat no exactly officially for the record I love the Beastie Boys I'm a big fan but if  
we're taking the macro view if we're looking at things in the big picture isn't all hip-hop three  
retards spouting gibberish over an awkward drum beat that's what every rap album ever is and  
if you think I'm picking on hipop I am not it's the same way that every death metal band that's  
ever existed is five retards making the most unpleasant noises humanly possible it's the same  
way that standup comedy is one [ \_\_ ]

01:19:23       trying to be clever you see there there's a pattern of behavior here now I believe  
in diversity I support diversity diversity is a stripper I met over at the Yellow Rose she's a lot of  
fun she's working tonight so everyone please go support diversity thank you okay Brian Cook  
calling everybody every artist a [ \_\_ ] as fast as he can we're all in this together I love it you've

01:54:44 the pork chops on Friday and I have to go Titi real bad Tony and I go to the bathroom and there's this scary looking big homeless man just wandering around in there and have to pee so bad so I go to one of the two urinals and there's [ \_\_ ] and one of the urinals and two paper towels and he's trying to rip down the door to the freaking stall and then I go out and I tell everybody there [ \_\_ ] in the in the urinol everybody that works here nice to see you man yeah nice to see you nice to see you this is William Montgomery indeed in

01:55:20 the god I messed that up I mess that story up in front of you man I there's no way I would have known you know was great William has the record for all time appearances on the show interviews on the show everything the first member of the the first Living member of the kill Tony Hall of Fame well no that's not true Michael was alive when he got it yeah and any of these keyboard Warriors who think this [ \_\_ ] [ \_\_ ] is easy this [ \_\_ ] is not [ \_\_ ] easy and any of you idiots they think you can do

01:55:52 it you like to critique me any of you who think you could do this never never you have no idea what it takes you know how long it took me to write the 101 Dalmations show took me five [ \_\_ ] hours yesterday [Music] dude anyway what I was saying was that he has the record for alltime appearances interview everybody he's been on almost every single show for over 5 years is that right how long there's this one piece of [ \_\_ ] I don't look at the [ \_\_ ] you go ahead go ahead let it out let it out let

01:56:37 it out do you know the words to Chocolate Rain no but what were you saying Tony I just I was going to say alltime record holder for appearances on the show and I don't think I've ever seen you quite as shy in front of anyone as Matt right here super shy right now again we have never met oh man he just winked at me Tony whoa William's famous for winking really when he does you didn't know that I did not know that when he does it a special noise happens and everything a little Sparkle noise watch watch watch there it

01:57:15 is okay okay Red Band I can't do it that fast dumbass you can't even and it's weird when red ban gets wasted he loves to get just blackout drunk and it looks like he doesn't blink at all which is so funny his eyes never fully shut he has a gluten allergy William and he loves gluten so he he's constantly in an allergic State oh he's staring you down look at this wow this is amaz oh William is completely disinterested in this William where where are you from I'm from from Memphis Tennessee I [ \_\_ ] love Memphis good barbecue yeah

01:57:56 really good barbecue um good barbecue yeah my gosh have you been to the hotel what the Peabody or no not the Peabody the uh the one the one in the pyramid no no not that one hold on what's another one in Memphis the Lorraine Motel I don't know if I don't know what the name of it is the one it would have it would have come up on Black Martin Luther King got shot yes I have been there really good barbecue right next door wait wait a second hold on hold on first the bean then Chocolate Rain you're telling me Martin Luther

01:58:31 King got shot I knew it I [ \_\_ ] knew it was coming to so stupid all right all right all right that was a joke all right um so William something interesting happened on my way back from um New York City I was uh I was lucky enough to be able to hitch a ride on a friend's jet and the Jet had an engine problem and had to make an emergency landing in of all places Memphis Tennessee and immediately we find out that oh [ \_\_ ] they don't have the part for the jet and we're going to have to take a commercial flight and the next

01:59:15 one's not available for three or 4 hours so we get a commercial flight and then we have three or four hours in Memphis Tennessee so guess who I called and messaged my papa and my mama that's right Papa didn't respond right away so I immediately hit up mama and they started giving me restaurant recommendations and hotel recommendations but that

was before I realized we could get a commercial flight out of there because I thought I might have to stay in Memphis so there I am communicating with your lovely

01:59:43        parents who I'm very close with and um it turns out I didn't have enough time to go to the restaurant that they recommended so I looked up uh restaurants that were close to the airport right down the street on Elvis Presley Boulevard where the uh airport is and it turns out it was an Elvis themed restaurant and we only had about an hour and a half two hours to eat food and of all the days that I could have had an emergency landing in Memphis Tennessee I swear to God it was indeed of course Elvis Presley

02:00:17        day uhuh yeah and so there we are thinking okay we're just going to go get some quick Memphis Barbecue real quick at this [ \_\_ ] Elvis joint and there's a weight everybody's dressed like Elvis the place is [ \_\_ ] insane and uh so I spent some time in Memphis I love it well you should have gone to Mama and Papa's house I wanted to I know you should have gone over there I was really close to making that move but I tried to make it back to make it to Monday Night Raw which I also wasn't able to do that

02:00:47        shout out to uh Sami Zayn Pat McAfee Tony I'm glad the plane didn't crash or something we wouldn't even be here today could you imagine that there nobody there wouldn't be a line outside nothing yikes you have to be careful Tony that is true I've always told you about the private jets you know that okay you know I have Tony I don't take private jets William I don't take private jets it was a special instance okay be care I fly commercial with the people I'm a man of the people I take Southwest flights position group b cuz I like to

02:01:27        be mixed in with normal humans I like to be able to write material and connect with the people but I take Jets any chance I get um it's truly a superior way of travel and once you start there's really no going back it's after you take a jet once you're just furiously angry on flights even if you're in first class it's disgusting it's dis all right I'm kidding uh so William anything else crazy happening this week just Remnant 2 it's some video game Tony I think I've put in 40 hours the past four days that's 10

02:02:03        hour days of the math on that but yeah it's Remnant too it's a third-person shooter you can upgrade your character you can upgrade everything about it be I cannot get enough of that I'm about to go back and play till probably 5:00 a.m. tonight I have to be careful mad I've been playing it all night long poor guy I know I don't know how to stop wow I don't know how to talk to [Laughter] you everything you say is a Mystery Dude well nice to be here Tony thank you William we love you he ain't never going
